May we introduce ourselves,

Kentra Training Limited was established in 1997, we are celebrating 15 years delivering quality accredited training courses throughout the UK, including NI, IOM, Eire, & Europe.

We look after every customer and deliver a first class and fair-priced training service.

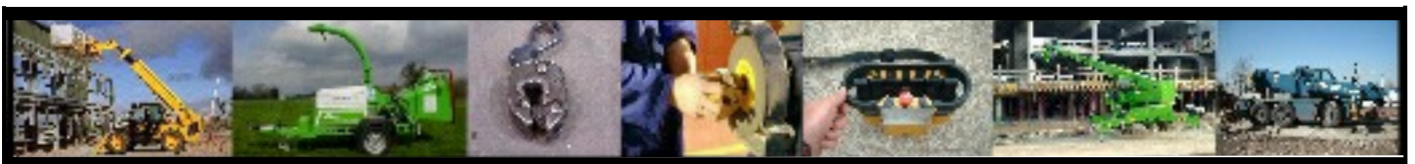

Our people boast real work experience, as well as outstanding practical and classroom skills and our instructors are fully qualified and highly proficient, many holding teaching and NEBOSH qualifications.

All companies have to be flexible in the current business climate, we will adjust to provide the very best service tailored to customers needs whenever this is feasible and appropriate.

We help both individuals and companies to meet their training and legal requirements, this includes training people and explaining exactly how they should be operating plant and machinery on site.

Our friendly and professional approach ensure customers receive their courses on site within the normal working day, night or weekends in a cost effective manner ensuring that we maintain our high level of customer retention.

All our courses can be tailored to suit your individual requirements within the awarding body guidelines, please contact us for a no obligation quotation.

An accredited training organisation & NVQ assessment centre. All our courses comply with current legislation.
Registered in England as Kentra Training Limited. Company Reg.No. 7147815.
